SUMMARY

Expertise in manual and automation testing, with strong proficiency in Selenium using Java. Adept at leveraging OOPS concepts to ensure efficient and effective software testing, focused on delivering high-quality results and optimizing testing workflows.

PROFESSIONAL EXPERIENCE

Global Logic, Associate Analyst

July 2024 - Present

- Work on AI projects, handling datasets and ensuring accurate analysis.
- Utilize technologies like **SQL** to manage and optimize data workflows.
- Make data-driven decisions tailored to project requirements.

TheMomsDesk, QA Intern

October 2023 - April 2024

TestTrakker | Manual Testing

[Certificate](#)

- Developed a tool for managing test cases, bug reporting, and assigning errors to developers.
- **Created test cases, reported bugs**, and performed API testing. Managed tasks using **Trello**.
- Gained hands-on experience in test case design, bug tracking, API validation, and effective team collaboration using project management tools.

PROJECTS

WebAutoTester | Automation Tester

- Developed a basic test automation framework using **Selenium with Java** to automate UI testing for a web-based application.
- Created and executed automated test scripts, reducing manual testing efforts and improving test coverage. Used TestNG for test execution and reporting.

Tazza (A company website)

[LiveLink](#)

- Developed a **responsive** multipage company website using HTML, CSS, **JavaScript**, and React.js, allowing the company to showcase products and include a contact page for user engagement.

Health Care Analytics | Power BI

[Link](#)

- Developed a dynamic **Power BI** dashboard for a hospital, enabling efficient patient data management, category-wise segregation, and **real-time** data insights.

KEY SKILLS

Manual Testing: JIRA, Regression Testing.

SQL Database: Data, DBMS, RDBMS, Functions and Attributes, Datatypes and Constraints, Clauses and Joins, Operators, Normalization.

Automation: Selenium with JAVA, cucumber.

EDUCATION

B.Tech in Computer Science Engineering
GLA University

August 2020 - May 2024
